

## Logitech® QuickCam® Zoom

Automatic Face-Tracking • Digital Zoom • Mac • Microphone • PC • USB

Zoom in, have fun and get closer to what's important with the QuickCam Zoom - now in stunning silver. Add live video to your instant messages and stay in view at all times with automatic face-tracking. With true 640x480 pixel resolution, you'll see the difference with every smile. Now supports Mac OS® X.

Bring your instant messages -- and your drab desktop -- to life with the stunning silver QuickCam Zoom. With just one click, you can add live video to your instant messages and share a smile with anyone, anywhere in the world. Thanks to the digital zoom and the automatic face-tracking technology, you can capture your special moments with more clarity and ease. You can also conduct video calls and conferences and say what's on your mind with live audio using the built-in microphone. With the QuickCam Zoom, it's never been easier to zoom in and get closer!

- Add live video to MSN® Messenger, now with fast video and large 320 x 240 image size
- Works with video-enabled Yahoo!® Messenger, and Windows® Messenger
- Let the automatic face-tracking technology follow your every move
- Enjoy true 640 x 480 resolution
- Turn on automatic zoom
- Capture sound with the built-in microphone
- Works with PC and Mac OS® X
